Sub : Request for rectification in application for CTO

Dear Madam,

We would like to state you that we have mistakenly select the MIX products during applying of Consent to operate which may be correct from your end. As at this stage of application we are unable correct from our end.

Our production is very simple as per flow chart hence Environmental Clearance is not applicable to that. On the same ground Consent to establish has been issued to us.

Thanking You

For Manshya Fertilizers Pvt. Ltd.

Auth. Signatory
